Evergreen

Evergreen, Nov. 8.- Rev. V. L. Hudson was the visiting minister at Midway Church in a revival last week, with one of our former local leaders, Rev. Robert Harris.

Mrs. David Casperson, of North Bent, Washington, is spending a month with her father, Mr. A. A. LeGrand.

Mr. and Mrs. H. B. Cralle spent the week-end in Richmond with their son-in-law and daughter, Mr. and Mrs. Dan Clapp and family.

Mrs. Annie Carter and son, of Cullen, Mr. and Mrs. Hugh Dickerson, of Pamplin, and Mr. and Mrs. S. D. Thompson, of Lynchburg, were visitors of Mr. and Mrs. G. W. Glover over the week-end.

Mr. and Mrs. W. C Garrett visited Mr. and Mrs. Thomas Paulette and family Sunday P. M. at Phenix.

Gene Paulette, of Urbanna, visited relatives here over the week-end.

Mrs. E. T. Bruce and children spent the week-end in Port Royal, Va. with Mr. Bruce and his mother, Mrs. Eva Snowden, Mr. Bruce returned home with them, after spending some time there while recovering from an accident.

We welcome Mr. and Mrs. Andrew St. John to our community, from Phenix.

Mrs. V. L. Hudson has returned home from the hospital, much improved at this time.

A group from here attended revival services last Thursday at the Midway Church in Amherst.

Glad to see Mr. Z. V. Harvey out after being sick for some time.

Mrs. Mildred Paulette and son, R. B. spent the week-end in Richmond with her mother, Mrs. Camie Taylor, who has been sick.

Mr. and Mrs. Henry Franklin, of Lynchburg visited in the home of Mr. and Mrs. Mott Harvey last Sunday.

KNOW THE WEATHER

By E. H. Sims

Why does cold weather sneak up on us, while warm weather, or warm fronts, usually give ample warning of their approach?

There are two main reasons why cold snaps in fall and winter catch us off guard. First, the cold front, moves faster than a warm front. It can therefore pass in and over you more rapidly and change the weather in less time.

Second, and even more important, is the fact that cold fronts move across the surface of the earth with a backward slant. That is, the cold air mass reaches us on the ground before that same cold air is overhead. This slant sometimes extends back, at high altitude, for many miles.

Therefore, when cold air is approaching there are no telltale clues in the sky above, as with a warm front, which slants forward. The first we know of it is when it reaches us at the ground level, and it is usually moving rapidly (thirty or fifty miles an hour).

DEATH

Mrs. W. D. Marshall

Mrs. Ruth Caldwell Marshall, of 3420 Kershaw Rd., N. W. Roanoke, Va., passed away around 4 P. M., Oct. 31,, in a Roanoke Hospital, after a lingering illness. She was the daughter of the late Robert Edwin Caldwell and Janette Blache Furbush Caldwell. She is survived by her husband, William Douglas Marshall and a nephew, John Forrest Marshall, of Roanoke.

Also by four sisters, Mrs. C. O. McCrary, of Roanoke, Va.; Mrs. Eddie M. Schaubach Sr., of Crewe, Va.; Miss Jane B. Caldwell, and Mrs. Grace C. Winters, of Appomattox, Va.; one niece, Mrs. F. Nelson Richardson, of Roanoke, Va., and a nephew, Eddie M. Schaubach, Jr., of Crewe, Va.

Funeral services were conducted at 2 P. M. last Wednesday from Villa Heights Baptist Church, of which she was a member, by the Rev. J. Landon Maddox, with burial in the Evergreen Cemetery, in Roanoke, Va. The six pallbearers were men that she taught in a Sunday School class twenty-five or more years ago.

You've never driven a heavy-weight that handles like this one!

HERE! EASIER GOING FOR THE DRIVER AND THE LOAD, LONGER LIFE FOR THE TRUCK!

'61 TORSION-SPRING CHEVROLETS

If you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can feel why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, chassis components, *everything*) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra thousands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on. CHEVROLET

and look! NEW REAR-ENGINE CORVAIR 95's

A panel and two pickups that put a thrifty air-cooled engine in the rear, the driver up front and as much as 1,900 pounds of load space in between! That's more capacity than a conventional half-tonner. Yet these Corvair 95's are nearly two feet shorter from bumper to bumper. Highly maneuverable. Built to last and bound to save on a busy schedule!

CORVAIR—Side doors open a full 45" wide. Loading height is a low 14" (if)
